Remarks

Applicants submit this paper in response to the Office Communication dated March 3, 2005 which objected under 37 CFR 1.58(a) to certain graphical material that appeared in the body of the specification. Applicants have amended the specification to delete Example 19 in its entirety including the figures associated therewith (original pages 87-89). Applicants have also corrected the numbering of subsequent "Example 20" which is now amended to "Example 19". Applicants request entry of the amendments and submit no new matter has been added. Applicants respectfully assert the case is now in condition for allowance.

Respectfully submitted,
